

THE SCIENCE BEHIND BIOMAX WHEY TRUE PROTEIN

Maximuscle CYCLONE contains BioMax Whey True Protein, a unique blend of whey protein, which is rapidly digested by the body and allows for the fast uptake of protein, stimulating muscle development and growth.

Typically, food protein concentrations are theoretically calculated based on the total nitrogen content, but this can cause some variances in the derived protein level. Maximuscle have gone one step further by validating the protein concentration in CYCLONE by comparing the weight of the individual amino acids with the calculated factored amount, qualifying this as BioMax Whey True Protein. We guarantee that every serving of CYCLONE provides 25g of high-quality BioMax Whey True Protein to help support the growth and maintenance of muscle.

CYCLONE STRENGTH

CYCLONE is an all-in-one shake designed to meet the specific needs of serious exercisers. If you want to push yourself in training, the creatine in CYCLONE can help take your training to the next level.

CYCLONE is a low sugar, high protein shake and every serving delivers 25g of fast acting BioMax Whey True Protein to aid muscle growth. Every serving is also packed with Calcium HMB, Zinc, Glutamine and the scientifically proven performance booster, Creatine.

BENEFITS OF CYCLONE:

5g CREATINE MONOHYDRATE

Every serving of CYCLONE delivers 5g of creatine monohydrate. Creatine is scientifically proven to boost performance during short-term, high intensity, repeated exercise bouts, when a minimum of 3g creatine is consumed per day, leading to greater strength and power gains from your training.

GLUTAMINE

Every serving of CYCLONE is also packed with 10g of glutamine, one of the building blocks of protein and the most abundant amino acid in muscle.

CALCIUM HMB & ZINC

Every serving provides 1.5g of calcium HMB - a metabolite of the essential branched chain amino acid, leucine. CYCLONE also contains 2.5mg of zinc. Zinc is proven to contribute to protein synthesis and maintaining normal testosterone levels.

SCREENED & EFFECTIVE

Every batch of CYCLONE is screened for banned substances and is registered with the Informed-Sport programme.

*CREATINE INCREASES PHYSICAL PERFORMANCE IN SUCCESSIVE BURSTS OF SHORT-TERM, HIGH INTENSITY EXERCISE. A MINIMUM OF 3G OF CREATINE SHOULD BE CONSUMED DAILY FOR A BENEFICIAL EFFECT.

INGREDIENTS: BioMax Whey True Protein (56%) (whey protein concentrate (milk), whey protein isolate (milk), hydrolysed whey protein (milk)), maltodextrin, L-glutamine, creatine monohydrate, soya oil powder, calcium beta-hydroxy-beta-methylbutyrate, medium chain triglycerides, flavouring, sweeteners (sucralose, acesulfame K), thickener (cellulose gum), colour (curcumin), zinc oxide.

NOTICE: Banana flavour high protein food supplement drink mix containing glutamine, creatine, zinc and calcium HMB with sweeteners. Food supplements should not be used as a substitute for a varied and balanced diet and a healthy lifestyle. Do not exceed the recommended daily intake. Keep out of reach of children. This pack contains 21 servings. Suitable for vegetarians. For best before end see back of pack. Made in the EU.

Storage instructions: Keep tightly sealed in a cool, dry place and away from direct sunlight. Natural settling of this product will occur during transport. This product is packed by weight, not by volume.

HOW TO USE

ON THE DAYS YOU TRAIN
1 serving after training +
1 serving either mid
morning/afternoon.

ON THE DAYS YOU DON'T TRAIN
1 serving mid morning or
1 serving mid afternoon

HOW TO SERVE

For one serving, add two scoops of powder (60g) to 300ml of water, shake to blend and enjoy!
