

THE SCIENCE BEHIND BIOMAX TRUE PROTEIN

Maximuscle PROGAIN contains **BioMax True Protein**, a unique blend which is fast acting with a sustained release of protein that gets to work fast and lasts for hours supporting muscle development.

Typically, food protein concentrations are theoretically calculated based on the total nitrogen content, but this can cause some variances in the derived protein level. Maximuscle have gone one step further by validating the protein concentration in PROGAIN by comparing the weight of the individual amino acids with the calculated factored amount, qualifying this as **BioMax True Protein**. We guarantee that every serving of PROGAIN provides 30g of high-quality **BioMax True Protein** to help support the growth and maintenance of muscle.

PROGAIN is a distinctive formulation designed to deliver a convenient high protein shake to help increase muscle mass and size. With 480 calories containing complex carbohydrates and naturally occurring BCAAs, PROGAIN provides a tailored solution to enhance your normal diet, through our optimised blend of BioMax True Protein delivering fast acting and slow releasing protein to help make muscle gains.

BENEFITS OF PROGAIN:

480 CALORIES

PROGAIN contains an impressive 480 calories in every serving, of which 120 calories are from muscle-building proteins. Specifically formulated to provide the additional proteins to gain mass, PROGAIN is a useful addition to the diet for anyone looking to gain muscle mass and size.

BCAAs & GLUTAMINE

Our protein formula naturally provides 8g of the Branched Chain Amino Acids (Leucine, Isoleucine and Valine) in every serving. BCAAs are considered essential amino acids as the body cannot produce them itself and are required in our diets. Every serving also contains 6g glutamine, the most abundant amino acid in the muscle.

COMPLEX CARBOHYDRATES

PROGAIN is a low sugar shake, with every serving packed with complex carbohydrates and protein to support muscle growth and size.

SCREENED & EFFECTIVE

Every batch of PROGAIN is screened for banned substances and is registered with the Informed-Sport programme.

INGREDIENTS: Maltodextrin (50%), BioMax True Protein (30%) (whey protein concentrate (milk), milk protein concentrate), cocoa powder (7%), fructooligosaccharide (5%), soya oil powder, medium chain triglycerides, flavouring, sweeteners (sucralose, acesulfame K), thickener (cellulose gum), sodium chloride.

NUTRITIONAL INFORMATION

Typical Values	Per 100g	Per 120g (Serving)
Energy, kJ / kcal	1669 / 400	2003 / 480
Fat, g	8.0	9.7
of which saturates, g	4.7	5.7
Carbohydrate, g	56.5	67.8
of which sugars, g	5.0	6.0
